Key Advances in the Clinical Management of Intestinal Failure

Tuesday 13 June 2006

AIMS

This conference aims to review current knowledge on the background pathophysiology of intestinal failure, to provide a comprehensive and multidisciplinary update on its clinical management in adults and children, and to address the increasingly important interface between conservative approaches and the greater application of intestinal transplantation.

LIST OF CONTRIBUTORS

Mr Adrian Bianchi	Royal Manchester Children's Hospital
Mr Gordon Carlson	Hope Hospital
Professor Alastair Forbes	University College Hospital
Dr Simon Gabe	St Mark's Hospital
Professor Nigel Heaton	King's College Hospital
Dr Jeremy Nightingale	Leicester Royal Infirmary
Mr Stephen Pollard	St James's University Hospital
Dr Jonathan Shaffer	Hope Hospital
Ms Antje Teubner	Hope Hospital
Professor Robin Williamson	Royal Society of Medicine

operative fistula**
*Mr Alastair Windsor,
University College Hospital*

10.45am **Intestinal adaptation**
*Dr Simon Gabe, St Mark's
Hospital*

11.05am **COFFEE**

SESSION TWO

Chair: *Dr Jeremy Nightingale, Leicester
Royal Infirmary*

11.30am **Management of home
parenteral nutrition**
*Dr Jonathan Shaffer, Hope
Hospital*

11.50am **Case reports**

Presentations to be given by:-
*Professor Alastair Forbes
Ms Antje Teubner, Hope
Hospital
Mr Alistair Windsor*

Panel:

*Professor Alastair Forbes; Mr Stephen
Pollard;
Dr Jonathan Shaffer & Mr Alastair
Windsor*

12.50pm **Lunch**

SESSION THREE

Chair: *Mr Stephen Pollard, St James's University
Hospital*

1.50pm **A structured plan for
management of the child with
short bowel**
*Mr Adrian Bianchi, Royal
Manchester Children's Hospital*

2.10pm **Debate**

**"This House believes that small bowel
transplantation will become the standard
treatment for intestinal failure within 20 years"**

FOR: *Professor Nigel Heaton, King's College
Hospital*

AGAINST: *Professor Alastair Forbes, University
College Hospital*

3.10pm **Closing remarks**
*Professor Robin Williamson,
Royal Society of Medicine*

3.20pm **Close of meeting**
