What is the BPNG?

The British Pharmaceutical Nutrition Group (formerly the National TPN Group), founded in 1988, is an organisation with a professional interest in nutrition support. The members of this group are pharmacists, technicians and scientists from the health service, academia and industry.

Aims of the group:

- + To promote the role of pharmaceutical expertise and experience in the area of clinical nutrition.
- + To ensure the safe and effective preparation and administration of parenteral nutrition.
- + To promote education and research initiatives.
- + To encourage debate into pharmaceutical aspects of nutritional support.

The benefits of BPNG membership:

- + Networking with peers in the speciality.
- + Opportunity to compare ideas and exchange information with others.
- + Access to international leaders in the field.
- + Opportunities to meet suppliers/manufacturers in a non-commercial forum.
- + Links to other organisations - e.g. BAPEN/ESPEN.
- + Regular publications including newsletters and periodic policy documents.
- + A forum to present research/audit/case studies and ideas.
- + Regular educational meetings.
- + Informative web site.
- + E-mail news group.

How else do I benefit from joining BPNG?

Membership of the BPNG also includes links with BAPEN. BAPEN was founded in 1991 as a result of the recommendations made by the King's fund report A Positive Approach to Nutrition as a Treatment. It aims to set standards of clinical practice in nutritional support and to educate and train everyone involved in the prevention of malnutrition during illness. As a member of one of BAPEN's core groups you will enjoy some of the benefits of BAPEN including:

- + Electronic BAPEN newsletters
- + Discounted full membership of BAPEN
- + Information about the annual general meeting
