

Annual North of England Clinical Nutrition Study Day

Perspectives in Gastro-intestinal Dysmotility & Intestinal Failure

17th May 2024

A day to bring real life experience to complex case management; networking with colleagues from across the North and elsewhere;

Topics covered:

- Disentangling the diagnosis of chronic severe gastro-intestinal dysmotility
- Patient perspective - living with CIPO
- Case examples with expert panel discussions:
- Avoiding iatrogenic harm
- Dysmotility the practical take home messages.

With thanks to
sponsors

Cost: £30
