

Practical Management of Food Allergy in Children

Monday 4th November 2019

Kennedy Lecture Theatre
UCL Great Ormond Street Institute of Child Health, London

The UCL Great Ormond Street Institute of Child Health and Allergy Academy are pleased to announce the return of the highly successful 'Practical management of food allergy' study day to our Autumn programme. This course is aimed at healthcare professionals caring for patients with food allergies, particularly dietitians. This year the programme, delivered by experts in the field, focuses on optimising nutrition and multidisciplinary strategies to improve the quality of life of patients and families living with food allergy.

What will you learn?

- The benefits of early diagnosis in food allergy, aversion and functional gastrointestinal disorders
- Integrating psychology and dietetic management strategies to best support families
- The current role of guidelines for optimising infants' nutrition

Course Directors:

Dr Leanne Goh, Paediatric Allergist,
Great Ormond Street Hospital for Children
NHS Foundation Trust, London
Consultant in General Paediatrics and
Paediatric Allergy, University College London
Hospital NHS Foundation Trust, London
Dr Tom Marrs, Paediatric Allergist
Guys and St Thomas' Hospital NHS Trust

Who should attend?
