

Update on Parenteral Nutrition in Neonates and Children

Friday 15th
November 2019

Leolin Price Lecture Theatre
UCL Great Ormond Street Institute of Child Health, London

The aim of this course is to provide an understanding of the use, limitations, composition and complications of parenteral nutrition. The course will allow for a discussion of the 2018 ESPGHAN/ESPEN parenteral nutrition guidelines, the use of standard bags in neonates and in older children, and the aims and objectives of using parenteral nutrition treatment.

Who should attend?

- Paediatric doctors
- Paediatric surgeons
- Paediatric nurses
- Nutrition pharmacists
- Paediatric dietitians

What will you learn?

- Appropriate use of parenteral nutrition
- How to manage children on parenteral nutrition treatment
- How to wean from parenteral nutrition at the earliest opportunity

Course Directors:

Dr Susan Hill, Dr Jutta Koeglmeier,
Venetia Simchowicz, Sarah Macdonald,
Great Ormond Street Hospital for Children
NHS Foundation Trust, London

This course is supported by
Nutricia and Mead Johnson.

Topics covered?

- What to consider when starting parenteral nutrition
- How to monitor children on parenteral nutrition
- Complications of parenteral nutrition
- Use of parenteral nutrition in the neonate
- Weaning from parenteral nutrition
