

NUTRICIA COVID-19 RESEARCH AWARD

This year Nutricia is continuing to support our customers to gain further understanding of the nutritional impact and management of COVID-19 by offering customers the opportunity to apply for funding up to £15,000 for research into nutritional care during COVID-19 recovery. Eligible applications for funding include clinical trials, service evaluations, surveys or audits exploring nutritional needs and management during COVID-19 recovery.

Potential research topics could include:

- Nutrition support requirements of patients attending post-COVID assessment clinics
- Long term outcomes post-ICU in the community and requirements for continued nutritional support
- Sarcopenia and protein requirements following COVID-19
- Referral to community dietetic clinics and outcomes in COVID-19 patients
- Nutritional management of COVID-19 patients discharged into care homes

A large, decorative graphic consisting of several overlapping, curved bands in shades of blue and purple, arching across the bottom half of the page.

If you would like to apply for the Nutricia COVID-19 Research Award, download and complete the application form (available [here](#)) and send to scientificaffairs@nutricia.com, along with a copy of your research protocol. Further supporting information for applicants is available [here](#).

Applications open from 9am on Friday 4th June 2021.

The deadline for applications is 5pm on Friday 6th August 2021.

Successful applicants will be selected by the Nutricia Scientific Affairs team and all applicants will be notified of the outcome of their application by 5pm on Friday 20th August 2021. Applicants must be Nutricia customers working in the NHS, 18 years or over, and HCPC registered healthcare professionals. Open to UK residents only (excl. NI).
