21 February 2024

TIME:
12:30 GMT
13:30 CET
07:30 EST

DURATION:
60 minutes

We are pleased to invite you to attend a webinar of the Abbott symposium held at the recent BAPEN 2023 Annual Conference on **21 February 2024**. Gain practical insights about how embedding screening for malnutrition and muscle loss into routine practice can impact on patient and clinical outcomes.

Expert panel

Dr Anne Holdoway
Consultant Dietitian, Bath

Carly Wood
Marketing Director
HMA, Barnsley

Alice Green
Specialist Neuro-rehabilitation Dietitian
Hillingdon Hospital, West London

Webinar learning objectives:

- Introduce the importance of muscle screening/assessment and intervention for improving patient and clinical outcomes
- Understand the prevalence of malnutrition and muscle loss in hospitalised patients
- Identify the variety of screening tools available
- Demonstrate real-life experiences and data from a Trust who has taken part in the audit
